**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR HALF YEAR ENDED 31 DECEMBER 2020**

**1 BASIS OF PREPARATION OF FINANCIAL REPORT**

This general purpose condensed financial report for the half-year ended 31 December 2020 has been prepared in accordance with AASB134 Interim Financial Reporting and the Corporations Act 2001.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

It is recommended that the half-year financial report be read in conjunction with the annual report for the year ended 30 June 2020 and considered together with any public announcements made by Scantech Limited during the half-year ended 31 December 2020 and the Corporations Act 2001.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Groups 2020 annual financial report for the financial year ended 30 June 2020. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

There are no new or revised standards and amendments effective for the current half-year that are relevant to the Group.

**2 REPORTING BASIS AND CONVENTIONS**

The half-year report has been prepared on an accrual basis and is based on historical costs except for the revaluation of selected non-current assets for which the fair value basis of accounting has been applied.

**3 REVENUE AND OTHER INCOME**

**10 FAIR VALUE MEASUREMENT**

The only assets and liabilities recognised and measured at fair value on a recurring basis are land and buildings and shares in Australian Listed Entities.

Land and buildings are categorised according to the fair value hierarchy as Level 2 – inputs other than quoted prices included in level 1 that are observable for the assets or liabilities, either directly or indirectly. There were no transfers between levels during the financial half-year.

The carrying amount of financial assets and financial liabilities approximate their fair value.

In the absence of an active market for an identical asset or liability, the Group selects and uses one or more valuation techniques to measure the fair value of the asset or liability. The Group selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Group are consistent with one or more of the following valuation approaches:

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Group gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

We have reviewed the accompanying half-year financial report of Scantech Limited ("the Group"), which comprises the statement of financial position as at 31 December 2020, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the Group and the entities it controlled at the half-year end or from time to time during the half-year.

### **Directors' Responsibility for the Half-Year Financial Report**

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Scantech Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Independence**

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Scantech Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Scantech Limited is not in accordance with the Corporations Act 2001 including:

- a) Giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- b) Complying with Accounting Standard AASB 134 Interim Financial Reports and Corporations Regulations 2001.
