

1 June 2026

Appointment of Henry Kurth as Director

Scantech Limited wishes to announce the appointment of Mr. Henry Kurth as a Director to the Board of Scantech Limited as an Executive Director effective 1 June 2026.

Henry Kurth is a Fellow of the Australasian Institute of Mining and Metallurgy in Australia and joined Scantech in July 2006 as Sales and Marketing Manager focused on developing Scantech's sales in the minerals sector. Henry has fifteen years' experience in mining geology in multiple commodities and seven years in sales to the resources and industrial sectors before joining Scantech.

Henry has been in various roles at Scantech including General Manager Marketing and Minerals Consultant and was appointed Chief Marketing Officer on 1 October 2020.

Henry has directly presented or written over 100 conference presentations, papers or published articles on Scantech analyser applications in various industries. Henry is currently responsible for representing Scantech worldwide, developing sales in new industries, presentations and business opportunities, including promoting the use of analysers in new and novel applications.
